Black History Week May Get National Recognition

National recognition would be given to Afro-American History Week under a joint resolution introduced in the Congress February 7 by Senator Alan Cranston.

The resolution would authorize a Presidential Proclamation naming the week containing February 12 and 14 as Afro-American History Week throughout the country, or February 11-17 this year.

February 12 and 14 are the birthdays of President Abraham Lincoln and abolitionist Frederick Douglass, respecively. Cranston is also cosponsor of legislation to make Martin Luther King's birthday, January 15, a national holiday.

"Many people are unaware of the great contribution black scholars, writers, inventors, athletes and many others have made to this country," Cranston said. "Consider, for example, the brief list of inventions in every day use that were the product of black genius:"

* Harvesting machine--William Douglas;
* Telephone receiver--Granville Woods;
* Parachute--H. Julian;
* Fountain pen--William Purvis;
* Alarm clock--Benjamin Banneker;
* Gas Mask--Garrett Morgan;
* Tabulating machine--Robert Pelham;
* Corn planter--H. Blair;
* Mail box--G.E. Becket;
* 8 street sweeper--C.B. Brooks;
* Lawn mower--J.A. Burr;
* Golf tee--G.F. Grant;
* Elevator--A. Miles;
* Clothes dryer--G.T. Sampson;
* Fire Escape Ladder--J.R. Winters;
* Machinery for mass-producing shoes--Jan Matzeliger;
* Automated traffic light--Garrett Morgan;
* Air-conditioning for automobiles--Frederick McKinley Jones.

"And don't foreget a nourishing treat enjoyed by millions of Americans--peanut butter. We owe George Washington Carver a debt of gratitude for that," Cranston said. "It was the same Carver whose agricultural reforms pulled the southern states out of bankruptcy after the Civil War. Even the design for the city of Washington, D.C., was reconstructed from memory by a brilliant free black named Benjamin Benneker after the French architect quit.

Various school districts across the country including MPUSD, have observed Afro-American history week for the past 46 years.

The week is sponsored by the Association for the Study of Afro-American Life and History, and the National Education Association. In California, the Association for the Study of Afro-American Life and History has chapters in Berkeley, Carson, Los Angeles, San Francisco, San Jose and Oakland.

Plan Will Be Mailed

The State of California Office of Emergency Services has announced that a brochure entitled "Your Community Emergency Plan" is being mailed to all Monterey County households in February. The plan contains instructions to help residents plan for emergencies. It was prepared by the California Office of Emergency Services in cooperation with local governments.

Included in the plan are suggestions regarding what citizens should do in the event of natural disasters such as floods and earthquakes. Also included is information about what to do and where to go in the event of nuclear attack.

MPUSD Gives Land To Monterey

Trustees of the Monterey Peninsula Unified School District have given 470 square feet of Del Monte School property to the City of Monterey.

The land was needed by the city to allow the widening of Del Monte Avenue at Casa Verde Way. The city has agreed to relocate fencing and irrigation pipe for the school, as well as to landscape the area.

Trustees took the action at a special adjourned meeting February 8. No other action was taken.

KICK-OFF - Four thousand volunteers are "ready to go" for 1973 Heart Fund campaign which runs entire month of February on Peninsula. Mayor Joe Dolan, who proclaimed February American Heart Month in Seaside, and Mrs. J.A. Lucero, Seaside chairman for drive, are prepared for door-to-door canvassing, special events and all-out effort of business community to raise money. Campaign will climax on February 25--Heart Sunday.

State Income Tax Help Is Offered Free

The California State Franchise Tax Board has the following locations where the public can obtain income tax return forms and assistance regarding the preparation of their California State income tax return due April 15, 1973.

Salinas - George R. Reilly, member of the State Board of Equalization will provide space at 21 West Laurel Drive, Suite P, for use by auditors of the Franchise Tax Board on Wednesday, April 4th only. Hours will be from 8 a.m. to 12 noon and from 1 p.m. to 5 p.m.

Monterey - Thursday, April 5th only at the Council Chambers, City Hall, 570 Pacific Avenue. Hours will be from 8 a.m. to 12 noon and from 1 p.m. to 5 p.m.

Income tax return forms are available at most banks, post offices, City Clerk's offices, Chamber of Commerce, and the following State offices: Board of Equalization, Department of Human Resources Development and the Department of Motor Vehicles. A single person, or single person who qualifies as head of household, is required to file a State return if his adjusted gross income is over $3,250. Married couples are required to file a State return if their combined adjusted gross income is over $6,500.

In any case, if the gross income exclusive of business expenses and losses is over $7,000, you must file a return regardless of the amount of your adjusted gross income. Your return for the year 1972 must be filed no later than April 15, 1973.

If you have a refund due, mail your return to P.O. Box 13-540, Sacramento, California 95813.

Unusual Chinese Art Display In Seaside

Celebrating the Chinese New Year (Year of the Ox), the Seaside Art Commission is presenting a special exhibition of Chinese paintings, art objects in the City Hall Gallery this month of Begruary, featuring a one-man show by Paul Pei-Jen Hau of Los Altos.

Artist Hau, born in Liaoning, China, studies in Japan, served in the Ministry of Foreign Affairs during the WWII years, was a member of the Legislative Yuan of Free China. He is well-versed in Chinese painting, in calligraphy, poetry and essay writing. He has studied art with a few masters including Huang Ping-Hung. Following years of practices in painting, Hau has created a unique style of his own, characterized by bold strokes and smoky clouds.

He has had numerous one-man shows. A major show as in the Palace Museum and Dr. Sun Yat-Sen Park Gallery in Peking, China, in 1947. After coming to USA, he was represented in San Francisco Moon Festival Show, UNESCO Art Show, SF City Women's Club and Chinatown art exhibitions. He has also shown at the Palto Alto Art Club, Los Gatos Art Ass'n., deSaisset Art Gallery Ass'n at Santa Clara, SF-Oakland Bay Area art galleries, deYoung Museum, UC-Berkeley Student Union, Merced Art League, Saratoga Artgalleries, San Jose Art League, Holy Name College in Oakland, and galleries in Carmel, etc.

Hau has some framed paintings and some 13 classidal scrolls on display in Seaside City hall, along with case displays of Chinese art objects by Lees' Shop of Olympia Plaza, Seaside, and by Der Ling Shop of Carmel. Many teakwood furniture, ivory carvings, jade pieces, and other beautiful art objects that are imported from Hong Kong and Formosa.

The whole show will run until February 28. The Gallery hours are from 8 to 5 during the weekdays. "Everyone is invited to view this unusual Chinese exhibition during February," according to Chairman Lee of the Seaside Art Commission," as it is only once a year that the art lovers in the Monterey Peninsula are privileged to have a glimpse of such artistic display of Chinese art and culture."

Masten Will Give Benefit Performances

Ric Masten of Big Sur, poet and folk singer extraordinary, will give two benefit concerts for the Children's Experimental Theatre, Sunday, February 18 at 3 p.m. and 8 p.m. at the Monterey Peninsula College Theatre.

The afternoon family concert will include humorous child-oriented material. Other songs will have appeal for parents as he reveals his humanness in honest self-criticism.

The evening concert encounter will be gauged for the adult audience. He will be accompanied by his 17 year-old daughter, April, who will perform with him.

During the day Friday, February 16, various classes at Monterey Peninsula College will have the privilege of hearing his readings and participating in group discussions as Masten has done with thousands of students in this country and abroad.

A Unitarian ministral minister, Ric Masten, brings something individual to each performance. He has a unique gift of involving and exploring the very personal feelings of his audience with testimonials of lyric beauty rendered in his gravelly baritone.

These two benefit concerts are a special opportunity for his admirers to hear Ric Masten, who has just returned to the Monterey Peninsula after a year as poet-in-residence at the University of Florida.

The tax deductible tickets are $2 for each performance and may be obtained at Abinante's, Monterey; Lily Walker Music, Pacific Grove; Thunderbird, Carmel Valley and Monterey Peninsula College. Advance reservations may be made by calling Children's Experimental Theatre 624-1531. Valley. There will be two shows, 2:30 and 4 p.m.

Peninsula May Get Year-Round School

Monterey Peninsula Unified School District trustees looked at a plan to put Seaside's Juan Cabrillo School into year-round operation on February 5.

Principal Tom Bridges told the board teachers at that school are enthusiastic about the idea, and a survey of parents has indicated so far that a majority of the families in his school area would favor the plan.

Dr. Henry Hutchins, assistant superintendent for elementary education, outlined steps needed to bring the proposal back to the board for action, and said it is possible year-round operation could begin at Cabrillo by this July.

Bridges showed the board a tentative calendar for 1973-74 with school running in four quarters between July 23 and June 14. The quarters, ranging from 42 to 48 days in length, would be separated by vacation periods of three and four weeks.

The plan would not increase the number of days students would spend in the classroom, he said. Nor would it increase the number of working days for teachers. Rather, he said, the plan is designed to eliminate the long summer vacation period during which many students forget much of what they learned the previous year. Special classes could be arranged during the short holiday breaks for students needing extra help, he said.

The principal stated that the plan would not require additional outlays of money.

Parents who don't want their children to attend Cabrillo under a year-round plan would be able to transfer them to other nearby schools, he said. Similarly, parents from other parts of the district who want to place their children in school year-round could send them to Cabrillo, if space was available.

Bridges emphasized that the idea is still in the planning stages at this point. No such plan could be implemented without school board approval.

Dr. Hutchins said four pieces of legislation were passed by the state during 1871 to clear the way for year-round education. The State Department of Education has created a Year Round School Committee to act as a clearing house for extended year schools. Members of the committee serve as consultants and must be involved in working with local district to establish feasibility reports and plans for implementation and evaluation of year-round schools.

Superintendent Allan Petersdorg told trustees they would receive a progress report at the end of March.

In other action, trustees ratified the opening of the district's second continuation high school at Crumpton School in Marina. Neil Fearn, assistant superintendent for secondary education, said 23 sutdents were enrolled the first day and moe and expected. Enrollment will be limited to 40 students, he said.

The board adopted a new policy allowing 18 year old students to be exempted from physical education instruction at the student's request.

Plans were outlined to establish a Community Career Development Resource Center at Larkin School. Lloyd Swanson, director of evaluation and head of the district's specially-funded Career Education Project, said the center would serve a number of purposes, most of them revolving arounding setting up links between the community and the schools. As part of the plan, a prototype career information center would be developed. Swanson said he hoped other school districts and community agencies would join in development of the center.

Reacting to a request from the City of Seaside, trustees agreed to improve sidewalks around Covell School. Complaints have been made about the present walkways, which are made of decomposed granite, and from which rocks protrude. The board said installation of standard concrete sidewalks, curbs and gutters would be too costly, but agreed to add enough decomposed granite to cover the protruding rocks.

Scholarship

"The Thrift Shop, Fort Ord, is awarding $750 scholarships for college to seven students, to be selected from the high school graduating class of 1973. Applicants must be dependents of active, retired, or deceased Army personnel. Scholastic achievement of 3.0 on a 4.0 grade point average is necessary to qualify for application.

The deadline for filing applications will be April 21, 1973."

Poyner To Speak To Meeting Of Co-Op Society

The Monterey Peninsula Democratic Cooperatove Society has announced that Roger Pyner, recently elected Supervisor from Monterey County's 4th District, will be the speaker at its next meeting, scheduled for 8 p.m. Wednesday, February 21, at Carpenter's Hall, 778 Hawthorne, Monterey. The public is invited to attend the meeting, where Poyner will speak on "The Citizen's Role in Local Politics."

The Democratic Co-op plans to participate in local as well as state and national elections and to select candidates for endorsement. Future meetings of the group will include addresses by elected officials of both partisan and non-partisan offices, as well as candidates for office. Persons knowledgeable in subjects of particular interest to Monterey Peninsula residents also will be asked to address the group. Speakers scheduled for future meetings include Democratic gubernatorial hopefuls George Moscone and Jerome Waldie. Senator Moscone (Dem. S.F.) will speak at the March meeting, followed in April by Contra Costa Congressman Waldie.

Other activities of the new Democratic group include developing a Peninsula-wide precinct organization, studying current and proposed legislation, and participating in fundraising and social events with other Democratic Party institutions in Monterey County.

All persons interested in participating in the Democratic Coop are urged to attend the February 21st meeting.

Commend KQED

Board of Supervisors Chairman Ellis Tavernetti has declared the week of February 11 to 18 as "KQED Week" in Monterey County and has commended the Bay Area's public broadcasting station for the wide variety of cultural, educational and public affairs programming it has brought to Bay Area viewers since 1954.

In a resolution passed by the Board of Supervisors at their last meeting, Channel 9 was also commended for providing access to the media for ethnic and specialized groups, presenting comprehensive television coverage of local, state and national political candidates and for producing many television shows that were broadcast nationwide by the Public Broadcasting Service.

Pointing out that public television is almost totally dependent upon individual and private contributions in order to provide its services, the proclamation commended all those who have lent their support to KQED and urged continuance of such support.

Apply Now For Military Academies

Senator Alan Cranston is currently accepting applications for the military academies.

September 1 is the deadline for application to the Air Force, Merchant Marine, Military and Naval Academies for the class entering in June, 1974.

High school graduates from the 1973 and 1974 classes are asked to send a letter requesting the application form to:

Senator Alan Cranston
Attn: Academies
Federal Building
450 Golden Gate Avenue
San Francisco 94102

The Senator makes 10 competitive nominations to each academy. Selection is based on grade point average, Scholastic Aptitude Test scores and physical acceptability.

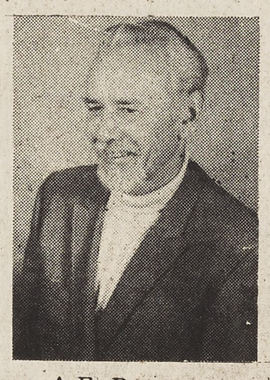
Seaside Ripples

A. E. 'Andy' Barragan, Publisher

By Clint Porter
(In the absence of Andy Barragan)



A.E. Barragan

"Lord, someone else has won the honor that I thought should be mine.

"Bless him.

"Someone else is enjoying the rewards Iexpected.

"Bless him.

"Help me to remember that there is enough fame to go around. Enough money to go around. Enough happiness to go around.

"And if I have not found mine this time, there will be other opportunities.

"This time maybe I wasn't ready. Next time I will be. Or the next time after that.

"Purge me of resentment. Heal me of malice. Soothe my disappointment. Don't let me impede my own progress by such emotions.

"Instead, let me ask a blessing upon the one who has beaten me. To do so is to strengthen myself. To do so is to draw upon a new source of energy and courage and optimism.

"I will rise up from defeat with joy. I will go forward enriched by this experience, spiritually growing.

"And as I bless, I will be blessed. Thank you for this knowledge."

The above was quoted from just one page of a book by Marjorie Holmes entitled: "I've Got To Talk To Somebody, God." If one page is this heavy -- If one page contains this much serenity -- If one page can lift spirits so beautifully well, could you dare resist reading the other 125

ARMY RECRUITER

Hi everyone.

The undulating sea glistens in the bright afternoon sunlight. Big, burly men with thick tattooed forearms heave and hustle and strain about their jobs. In the stinging, flailing mist they grimace and grin and convince that they have captured the essence of living there, in the middle of anywhere. They're grabbing gusto, we are told, and in a moment they will sit down and swill some more.

Even without TV cameras, it's 8 to 5 you can get a crew of men to react that way any time you put them in the water. That's something TODAY'S ARMY discovered a long time ago. You read right, I said TODAY'S ARMY. For years the U.S. Army has been producing tough sea worthy young men. But they've been doing it quietly. At the Army's Transportation School in Fort Eustis, Virginia, Army Seamen develop the skills needed to make them the most dependable thing on water, whether they're in uniform in some distant port or just out on the lake with their family and friends.

TODAY'S ARMY Seamen earn the feeling of accomplishment that washes over them by day's end. They're out there in the open, many times on their own, moving ships and directing other-not ensconced in some mammoth vessel with a job that may have very little to do with taking care of business on the open seas. After basic training, aspiring Army Seamen spend six intensive weeks at the Transportation School. They are instructed in the operation, maintenance and repair of harbor craft and marine equipment and are given a working knowledge of amphibians and how to operate them in all probable land and water situations. After his advanced individual training at the Transportation School, the enlistee travels to the work site he selected prior to his enlistment in TODAY'S ARMY. This may be anywhere in the United States or Europe.

As part of TODAY'S ARMY Sea Team, the seamen also pitch in with any needed chipping, painting and repairing of ship surfaces or fixtures. He also participate in the docking, undocking and anchoring of Army craft. Occasionally, he'll be asked to stand bow watch and look for hazardous obstructions in the path of the craft.

Seamen are well-paid in TODAY'S ARMY. Their initial starting salary upon enlisting is $307.20 per month. In addition, they receive free room and board, complete medical and dental care plus 30 paid vacation days annually.

Young men and women if you would like to begin a career in one of the world's largest traveling and employing organizations, TODAY'S ARMY can assist you. Please contact us at 431-Webster St., Monterey or call 372-4742/372-0553.

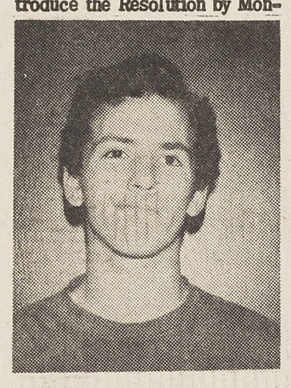
Bill Will Support Industrial Education

Assemblyman Bob Wood has introduced an Assembly Concurrent Resolution affirming legislative support for the objectives of industrial education. The Resolution also designates the week beginning March 4, 1973, as Industrial Education Week.

The Monterey County Assemblyman was asked to introduce the Resolution by Monterey County Industrial Education Director, Al Ratliff. Ratliff is also the General Chairman of the California Industrial Education Association 1973 Convention, which will be held in Monterey. The two-day convention is scheduled for March 9 and 10 at the Monterey County Fairgrounds. The California State Bureau of Industrial Education is also holding its 35th Annual Conference on Industrial Education in Monterey, March 7 through 9.

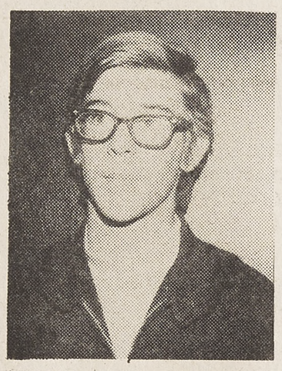
The Resolution cites industrial education for making "a major contribution to the economic and general well-being of the individual, as well as to the economic development of our state and nation." Industrial education in California includes industrial arts, trade and industry, technical and health occupation programs, and is designed "to educate youth and adults of our country to become useful citizens and productive skilled workers in business, industry, health services, and technical occupations."

Wood said, "we are coming to the realization that a general education is not enough. We must be able to train young people so that when they have completed their education, they will be employable and able to support themselves and their families."



JOINS - Michael P. Love, son of Mr. and Mrs. James Love of Marina, recently enlisted in United States Army. Michael attended Seaside High School and after basic training will be assigned to Aircraft Armament Subsystem Repair School at Fort Eustis, Virginia.

SFC GARCIA PHOTO



ENLISTS - Patrick A. Tovey, son of Mr. and Mrs. Jack C. Tovey of Marina, recently enlisted in United States Army. Patrick is graduate of Monterey High School and after basic training will be assigned to Ft. Riley, Kansas, for duty in Motor Transport Field.

SFC Garcia Photo

HONORED - Dale L. Winston, assistant chief at Fort Ord's firehouse, received gold pin in honor of 40 years of combined military and civil service. Colonel Thomas J. Street, Directorate of Facilities and Engineering chief, presented pin for "not only long service, but outstanding service." Mr. Winston lives in Seaside with his wife Helen and their two daughters.

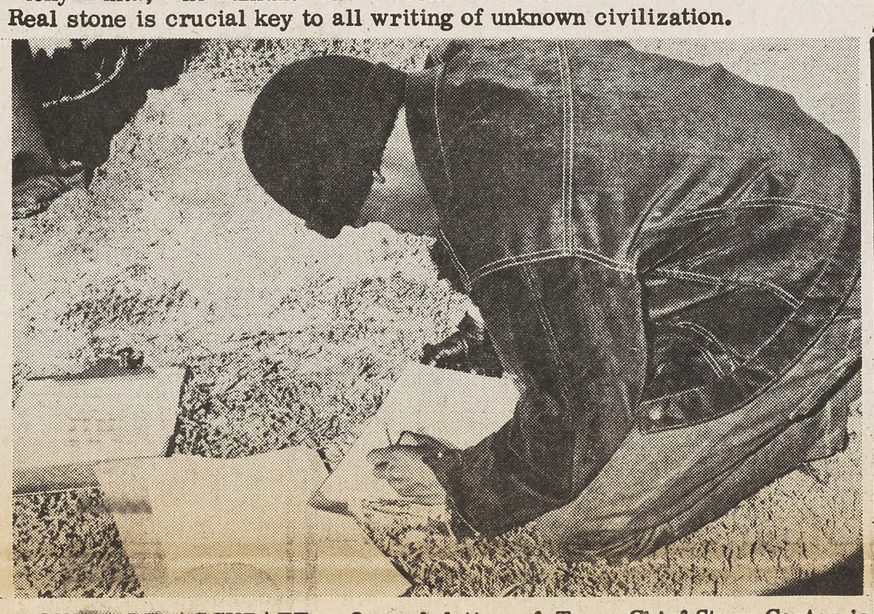
Fremont Students Find Buried Treasure

ANXIOUS MOMENT - As Vickie Dittmer takes notes, students (from left) Susan Michelson, Vicky Finta, Ani Sumukti and Louella Madison wait for valuable "Rosetta Stone" to be uncovered. Real stone is crucial key to all writing of unknown civilization.

LISTINGS - Keeping accurate records of each artifact found is Tomika Catania who also designated "field number" for each item.



MUST BE ACCURATE - One of duties of Team Chief Stacy Carter is to keep accurate strategraphical report by drawing layers of soil on paper.

Thirty students in Fremont Junior High School's humanities class are learning about man's history by digging up artifacts they've buried themselves -- right in the school's back yard.

Actually, teacher Lyn Levin explained, the students were playing a game -- but a game with a purpose.

The class was divided into two teams, and each team buried homemade "artifacts" in an area set aside for the project on the schoolgrounds. It was the job of each team to dig up the other team's artifacts and make inferences about the "vivilization" that would have produced such items.

The students, she said, employed techniques used by archeolorists in digging up the objects.

The humanities class is offered as part of the Monterey Peninsula Unified School District's mentally gifted minor program. The course is eclectic in nature, drawing on history, geography, anthropology, ecology, sociology and political science in an effort to help students arrive at answers to timeless questions about man and his development.

The archeology game was part of an attempt to help students build a "bridge" between the development of early man and ancient civilizations, Mrs. Levin said.

The seventh, eight and ninth graders in the class are too young, Mrs. Levin feels, to do "authentic reserach" from books, and can develop bad habits in writing reports "the easy way" -- in the library.

MPC Looking For Actors

Monterey Peninsula College is looking for actors to perform in two plays which will be presented in repertory during May.

"Hamlet" and "Rosencrantz and Guildenstern Are Dead" will play every other night on Thursdays, Fridays, Saturdays and Sundays during May. All parts are open, according to Morgan Stock, chairman of the department. He will direct "Hamlet," and drama instructor Peter DeBono will direct "Rosenerantz and Guildenstern."

Seaside Ripples

Continued from Page 1

pages?

Castles can crumble in an instant if the foundations are not wellbuilt. Crumbled castles, per se, are no disgrace. Nor should there be any hesitation in rebuilding the castle. But next time build according to direct specifications. If you employed a "Do It Yourself" system last time, go to an expert next time. Then you will be wise. You have observed the "low beam" and "high beam" on automobile lights. The light contains two separate filaments. One above the other. If the lower filament isn't giving enough light, you press a button with your foot and the upper filament adds its strength to the beam.

The minds of alert humans should function likewise. Your mind should have an "upper" and "lower" sense of understanding a situation. If the lower sense is not enough to understand the situation, the upper sense should be also applied. Like the automobile light beam, you do not extinguish one and utilize the other, you apply both filaments to the situation. In simple language, you use both sides of an argument in order to understand, or see, the entire situation.

Unfortunately, few people trust others enough to believe some of their intentions are for the benefit of others, not themselves. If I were a fine artist, and I went to some parents and told them I wanted to teach their children to become artists. Disbelief first. Skepticim second. Total distrust third. In that order, with distrust dominating. But the parent wanting their child to become a famous artist "goes along" with the program. Distrust dominates until success takes over. That is just human nature. It should not be that difficult. People simply have to acclimate their senses more positively.

A man comes to town and looks the situation over as a possible location for a radio station. Since there was no radio station in town, it seemed to be the most logical location. What type of station should it be? He surveyed that also and concluded that it should be different. He hired a white man to program black music. Fortunately this in itself was a wise move because the white man knew black music all the way down to the blues roots. The big boss (who also is white) left everything to his hired hand. The hired hand ran the station 24 hours a day. (Almost - there were 6 hours contracted out).

The hired hand became well-liked by the entire staff, and the affection was not one-sided.

During on and off duty hours, the hired hand tutored and coached the man who was the most dedicated to the station and most experienced. When the time was right the hired hand approached his boss and told him of his decision. The type of music being played and the community listeners should be honored with a black man in charge of the station. In so doing, the hired hand assumed there would be even greater community response because they would be able to "relate" to their own kind. There should also be better community participation in the use of the station by the listeners.

So when you hear that radio station KZEN/FM has changed hands, it is not true. The management is changed but the personnel is the same. The best part of the situation is the fact there is no ill-feelings amidst the group. Also the "hired hand" will stick around (off the record) to assist the new manager while the adjustments are being made.

The rains have been keeping our grounds wet for quite sometime now. But they have not prevented Andy from taking his daily exercise. He still walks all over town, rain or not. In so many words: He is doing fine.

Last Sunday night, I sat up (along with millions of other people) and watched the P.O.W.'s debark in the Philippines. Such spirit is hard to imagine. Even the officer who had been in for over 8 years, his wife had divorced him and married another man while he was a prisoner, his children were all gone, he had nothing left, but he was happy. And the officer whose wife had died, he said, she couldn't wait any longer.

God bless them and we pray everything will be alright with everyone including you. We love you so much.

'Steambath' Is Extended

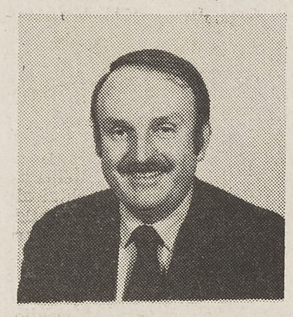
The Monterey Peninsula College Players will present three more performances of Bruce Jay Friedman's "Steambath" on Thursday, Friday and Saturday, February 15-17.

Directed by drama student Tom McCleister, "Steambath" was so popular that drama department chairman Morgan Stock decided to schedule extra performances. "We hope this will accomodate those who had a hard time getting tickets," said Stock.

Curtain time will be at 8:30 p.m. in the MPC Theatre on each of the three evenings. Tickets may be obtained at the theatre box office from 11 a.m. to 1 p.m. and from 7 to 9 p.m. daily, or by calling 375-0455.

"Steambath" is described as a frank contemporary comedy for mature audiences. The scene is in a steambath which serves as a waiting room for those who have died.

Your Supervisor Reports



ROGER POYNER

GOOD NEWS!

The City of Monterey has accpeted the County's offer of $22,300 to open the circulation of the Monterey Public Library to non-residents. The present $16 non-resident fee will be eliminated. Beginning July 1, 1973 residents of Seaside, Del Rey Oaks and unincorporated areas will be able to check out from the Monterey Library books, records and other circulation material. Monterey will also be joining with other libraries in the country in a cooperative system (MOBAC).

REVENUE SHARING

The County Board of Supervisors held a hearing last week to listen to the public's ideas concerning where and how to spend revenue sharing funds. Only four groups made presentations; the OEO commission for Anti-Poverty programs, some senior citizens for better transportation, Monterey for its community auditorium, and the Monterey County Taxpayers Association for direct property tax reduction.

I believe the Supervisors should set some priorities and guidelines for spending of this money. Just like with your own household budget, there just isn't enough money for everything. Nevertheless, these funds are yours and I would appreciate your suggestions as to how to spend them effectively with the greatest benefit to the most people. Please call my office (373-0046) if you have a suggestion.

Chamber of Commerce Progress Report

by Verlaine Crawford, Executive Director

The Seaside Chamber of Commerce Annual Installation of Officers and Dinner/Dance was a huge success. Held at the beautiful Fort Ord Officers Club on Monday, February 12, this annual event was attended by over 160 members and their wives and dignitaries from all over the Peninsula.

General H.G. Moore welcomed the Chamber to Fort Ord and thanked Seaside for their fine cooperation during the year. Acting as Mistress of Ceremonies, I had the pleasure to introduce the many fine people who attended that evening. The Honorable Bernard J. Dolan, Mayor of Seaside, spoke about the City and its relationship to the business community.

Retiring President of the Chamber, Jim Wester, received a plaque for his fine service to the community during the past year. He introduced the 1972 Board of Directors. The Gavel was presented to the new President, Don Butts, who spoke on his goals for the Chamber for 1973. The 1973 Board of Directors were presented to the audience, and they picked up their portfolios for the year's work ahead.

Certificate of Appreciation Awards were presented to Jon Baldwin, who organized the Military Appreciation Variety Show, and to Sgt. Bill Brown and Ray Stepniak of MBS, who helped to make the show a success.

The Chamber presented a plaque to the most outstanding improved business appearance to the Broadway Florist and Emporium. They have done a tremendous job remodeling their building. The Lion's Club presented their perpetual trophey to the best Beautification Project. They chose Wester Volkswagen.

The Citizen of the Year Award was presented to Cecil Bindel, owner of Cecil's Ice Cream and Pizza Pub. The Plaque was inscribed: "presented to Cecil Bindel for sincere and devoted effort to promote brotherhood, justice and equality and for helping to unite and strengthen the city of Seaside, Calif. From the Seaside Chamber of Commerce."

The ceremony was followed by dancing to the beautiful music of the Baha Brass Band. It was a lovely evening and a fine finish to a great year and an optimistic beginning for 1973.

Letter to the Editor

Editor: Because many people are unaware of the excellent student loan and scholarship program of the California State PTA, I would like to use this means of informing the community.

In 1927 the California PTA set up a revolving student loan fund through a program known as the Honorary Life Membership program. A selected individual is given an honorary award for outstanding service to children and youth, and in his-her name $25 is donated to the loan fund. As of May 1970, 125,764 individuals have received such awards.

In 1945, a scholarship program was added. Up to May 1970, well over $4 million has been given by the State PTA in loans and scholarships to assist the youth of California with their education.

PTA loans are interest-free, if repaid within the same length of time as that for which the loan is granted. Lower division students may borrow up to $400 a year, upper division students up to $600 a year, and graduate students up to $800 a year for four years. The total possible loan available to a student is thus $5200. It may be used for college, community college, university or vocational schools.

PTA scholarships are granted to upper division and graduate students only, and in certain specified fields of study: elementary and secondary teaching special education, youth correction, school librarian, and nursing. They are awarded through the college which the student is attending.

Application forms for loans are obtained from the California State PTA Office, 930 Georgia Street, Los Angeles 90015.

Yours truly,
Mrs. John Manchester
Director of Communications
Twentieth District PTA

Editor: Due to an error in the scheduling at the Monterey Peninsula College, the Y.M.C.A. benefit entitled the "Fabulous February Revue" must be moved to another facility at the College. Fortunately, MPC was able to provide us with the Armory which is very close to the Gym. The benefit will be held this Saturday, February 17 at 8 p.m.

Also, since the previous announcement we have added Ginger Street, "The 8 year old Revolving Contortionist" to the program. I understand that she was one of the most well received acts at the recent USO benefit.

Very truly yours,
Charles R. Keller
Monterey YMCA

Your Mayor Reports

Joe Dolan

COMMUNITY SUPPORT

The Seaside High School Band, which is one of three California bands selected/honored to represent the State of California in Tuscon, Arizona in March, has asked for voluntary contributions. Our young people are holding car washes, bake sales, and are providing concerts in a commendable effort to raise funds to pay for their trip and lodging. They need your support; if you haven't contributed - please do so. Contact Mr. Bayes - Band Director at Seaside High School. Money for the trip is short and so is the time to donate!

We need Community Support for our youth in another area. As you are aware there have been drastic federal cutbacks - in fact - meat ax approach - on federal domestic spending for urban programs. Monies for an expanded Youth Center and Library are just not on the immediate horizon. But, we do have one project, David CUTINO PARK, which is rapidly nearing completion, where we urgently need help from our own Seaside citizens who are truly concerned regarding our young people.

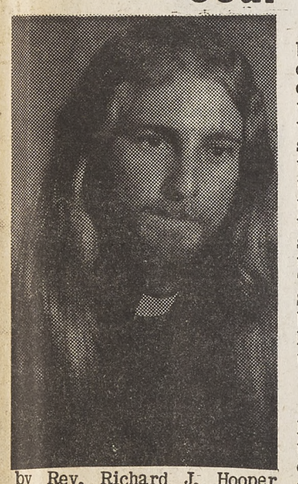
The City and Redevelopment Agency have jointly sponsored the David Cutino Park project and the costs have amounted to almost $500,000 which includes land acquisition and development. By May, the Park and its regulation size ball diamond will be ready for Little League Opening Day Ceremonies.

But - we still need to erect a building for toilet and washroom facilities at David Cutino Park. Our "bare bones" City budget can't be squeezed to produced the $25,000 required for this most important park facility. This is the challenge we all have - Collective Community Support to raise $25,000 to provide for our young peoples' needs at David Cutino Park.

I would be most happy to meet with any Civic Organization, the Chamber of Commerce, or perhaps even our Trade Unions to discuss ways and means to erect this building. Any support from any source will be welcome.

Are we equal to the challenge?

Soul Food



by Rev. Richard J. Hooper

Back to the Godhead

Billions upon billions of years ago the universe came to be. It came into existence through Cosmic Will (the "creation" of God). Of the billions of planets, Earth was but one, yet it brought forth a fantastic variety of life after many more billions of years. It was seemingly chaotic and without form at first, but eventually, through time, brought forth a perfect "eco-system" where all life was in perfect harmony (and has been upset only by Man). "The Spirit of God moved upon the waters" and the first life came to be, first plant life, then animal, all of which came from the dark womb of Mother Ocean. Billions of more years passed and the evolutionary cycle proceeded from a one-celled animal, which knew not of its own existence, to the present pinacle of evolution, the first reasoning animal, Man.

Most people believe Man is the ultimate perfection of evolution, but that is his vanity and his lack of understanding. Man (homo-sapien) is but one more form of life in a vast chain, and his presence on this planet represents only a brief moment in the time scale of life on Earth. And Man will eventually be supplanted by whatever form proceeds from him.

Man's uniqueness surely is his reasoning capacity, his ability to understand himself, and yet he understands only a small particle of all that there is to understand. Science has known for years that the human animal uses only 1/10th of his brain's capacity. Thus, the next evolution from man will be a being on a higher level of consciousness. Like Jonathan Livingston Seagull man "will learn to fly," i.e. he will reach a closer state of perfection and awareness.

The next form will still be "Man" - not homo-sapien, but a psychic man, where thought alone (as with Jonathan) will enable him to move from here to there through the perfected power of his psychic capacity.

In essense, this Man will become experientially aware of his Oneness with all of life, and aware of the fact that his ESSENTIAL nature is one of pure spirit, and not flesh.

Someday Man as a race will become as the great masters of all ages, the men who "walked with God," who were united with Source of their Being, who utilized their heightened spiritual capacity to manipulate the Laws of matter to heal the sick and walk on water, things called "miracles" by the masses who didn't understand that the same divine potential lies dormant in all men. The Masters simply tapped the Source of Power and used it, because they were on a much higher level of consciousness than the multitudes.

Does this sound fantastic? It is! But it is being substantiated even through the discoveries of materialistic Western science. History, Man's history, has brought us from the first glimmerings of human awareness to the threshold of a superior form of awareness. History has had no other point than to teach us the nature of the Laws of the Universe and to bring us to a time of graduation from the confines of flesh to the limitless world of pure Spirit.

One can see the development of understanding or self-awareness through the study of the development of religion as it is recorded in the Bible, which is a book of the history of Man's evolution from a primitive to a saint. Man first worshiped animals, then nature as a whole, then many "supernatural" gods, then one God (by the time of Moses) then on to the ultimate revelation of Christ that the "Kingdon of God is within you," i.e. we are One with the Father. Although the masses and the churches never understand this revelation, it was given, and it represents an undercurrent of Truth in all the world's religions.

with "creation" all things material were eminated from the Godhead. The Earth is simply the material manifestation of what is beyond, in and under- pure energy, pure Spirit. Science now knows what the Masters of all ages have always said; all life is a Unity, all life is in motion, all life is energy manifested in matter. All is alive! Everything is in vibration! The degree of vibration determines how it is percieved. A rock, which appears to the lower man as "dead," is not, it is simply vibrating at a slower rate than animal life, and thus to our limited minds, appears inanimate. Yet if we were to see it on a higher level of consciousness we would see what the electron microscope sees: a mass of swirling atoms in constant and eternal motion. Thus we realize all matter is alive, all matter is but energy in varying degrees of density.

And what does this mean for us? For the answer, stay tuned to this column.

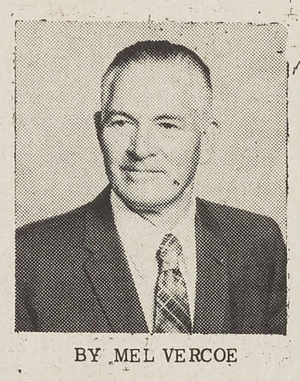
As I See It



BY MEL VERCOE

Is America facing bankruptcy? What a revolting thought. However, the international bankers and some heads of state in Europe are pretty shook up about the future of the American economy.

In just ten days they bought six billion American dollars from sellers. Three and a half billion in just two days in just one country - Germany. The Bank of Japan closed its foreign exchange branch last Friday to stop the panic selling of American dollars.

In reasonably simple terms the United States has been importing a great deal more stuff from some countries than it has been exporting. Thus, more dollars went out than came in, which means a great many of our dollars are held by some foreigners who are not quite sure they want to hang onto them, particularly if inflation is going to keep climbing in America and it would take more of their dollars to buy something from America than from some other country.

This "balance of trade deficit" has been going on a long time. Last year Japan sold us four billion dollars more merchandise than we sold to them, and next year it will be worse. A number of years ago it was our nation that manufactured the finished products, and the rest of the world bought them from us and shipped us the raw materials in trade. Now, it is the other way around, mainly because we insisted on continuing a war that was blowing up our inflation life a balloon at a gas station.

Several years ago we got an ultimatum. Stop the war and do something about correcting the balance of trade deficit. We paid no attention, and the only thing we have going for us at the moment is that the foreign countries that hold our dollars know that if the American economy collapses, they are going to get hurt also. So, actually, what they are trying to do is stop the run on the banks. If they "make good" and purchase the dollars when holders demand par exchange, then they can stop or at least put off the panic. If they can't meet the demand then the whole thing is down the drain, including the money they put out in their own currency to buy useless American dollars.

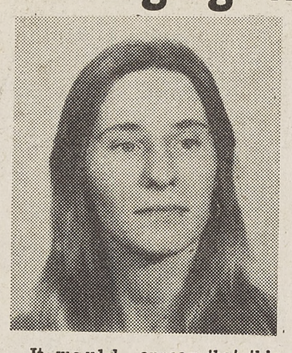
We have come a long way since Paul Revere took his horse out for a ride. We conquered the wilderness, took the land away from the Indians, beat the Kaiser and Hitler and Tojo, to name a few, and it seems a shame that we may at last be done in by the one thing we have not been able to set aside - our everlasting greed that keeps us from seeing the trees beyond the brush.

Bob Wood Reports

Do you recall last year we talked briefly about the need for catastrophic insurance? In simple language this means the kind of insurance to keep paying the doctor and hospital bills during a lingering illness when the terms of a regular health policy runs out and they quit paying the medical bills. According to experts, the average health plans throughout the country quit paying the bills after the expenses top about $8500. When this happens, as it often does, so-called catastrophic insurance would come into play immediately and pay for medical and hospital care in expensive illnesses. Among older people a long and expensive illness is a particular hardship. With their shrinking incomes after 65, these people spend an average of $861 a year on health compared with $323 for those in the 19 to 64 year old age group. Since 1960 the cost of a day in the hospital has gone up 204 percent to an average of $92 a day nation-wide. Doctors fees too are up 74 percent compared with 1960. Those policies would stipulate that medical and hospital costs must reach approximately $8500 before the catastrophic coverage takes effect. The threat, of course, is for those in the middle income and the top of the lower income brackets who are not eligible for Medi-Cal insurance and who cannot afford to pay enormous deductibles in private or group insurance policies.

I feel certain the Legislature will carry the ball on legislation this year and by the tone of the Governor's State of the State message it will have his approval. I will attempt to keep you posted as this bill moves along the legislative channels.

Swinging With Vicky



It would appear that this Saturday is going to be the "biggie" for Seaside, musically speaking. The Del Rey Cultural Center is presenting TOWER OF POWER (amen for the power), WELFARE, and CALIFORNIA on the 17th at 8:30. Tickets are $3.25 in advance, and $3.50 at the door. They are available at the Record Cove, The Jeanery, The Music Center on Cannery Row, Walter's Clothing, and our own Harambe Clinic. It's a rather rhetorical statement to say that it should be a full house! Hoping to see everyone there.

Also on the same night is Chinese New Year, which I know is celebrated annually in San Francisco's Chinatown. The Chinese really go all out on this joyous event. I caught it by accident about four years ago and was quite impressed. Just thought I would lay a bit of interesting news on you.

February 15, 16, and 17 the Mission Ranch will present NIGHTFIRE. Admission is $1. If you appreciate good music, and congos that really cook I know you will make it to the Mission Ranch and check that out. They will also be playing there the following weekend. That's the 22nd, 23rd and 24th of February. What's happening, Louis??

On February 16, The Sunset Community and Cultrual Center in Carmel will present JAN KESSLER, who will present "MIME." For those of you who are not hip to mime, I will give you my interpretation. Mime is a graceful, dramatic affair in which the person or people are portraying the beauty, the absurdity, the happiness or sadness of life through pantomime; mimicry, generally in costume.

In San Francisco, where I lived a couple years back, I attended free concerts, usually in Golden Gate Park, put on in the summertime by a team of people who called themselves, "THE MIME TROUP," very much noted in the city. Their work was mostly of the satiric political nature, and because of their graceful endeavors and appreciation for the fine art of pantomime, they definitely got their point across.

If you can, try to make the presentation, and I know you won't leave disappointed. Admission is $2.50 for the general public, and $1.75 for students. The show begins at 8:15 p.m.

The State Theatre will show, for one night only, "Malcolm X" and "The Man" on February 24. Tickets are $2.50 and are on sale at the Record Cove in Monterey, The State Theatre box office, and our own Harambe Clinic. I know you won't want to miss it. Remember, it's one night only on Saturday.

"I only meant just to wet my feet, but you pulled me in... and well.....the waters of love run deep. You must have been sent from heaven above, cause you got me walking...."

Happy Valentines Day to all you lovers.

Decal Deadline Is February 28

A reminder to all retired military personnel in the area who wish to obtain a Ft. Ord decal for their motor vehicle has been issued by Ft. Ord traffic authorities. The decal is required to enter and drive on the post unless one enters through the Main Gate and gets a visitor's pass.

New decals must be affixed by February 28.

To secure a new decal your vehicle must pass a safety inspection and the owner must have in his possession the car's registration certificate, a bona fide driver's license, his ID card and he must be prepared to make a statement he will continue the required insurance on the vehicle. All the paper work and inspection will take place at the Vehicle Registration office, Bldg. 2610, on 10th Street opposite the Red Cross building.

The cost for car inspection will be $.50 cents.

Mini-Bike Race Is Sunday

Seaside Spartans Mini-Bike Club will present its monthly race at Seaside Spartan Raceway this Sunday, February 18, 1973. Sign ups are at 9:30 to 11 a.m. and the races will begin at 12:30 p.m.

The entry fee for members is $1.50 and for non-members is $2.

For further information contact the Seaside Park and Recreation Department at 394-8531 ext. 58.

The Seaside Spartans Mini-Bike Club is very much in need of Old Cast of Motorcycle Helmets for the Youth Center.

If you have any of the above mentioned items lying around in your garage, please contact the Seaside Youth Center, 1185 Wheeler Street or call the above.

Here is the face schedules for 1973. All races will be held at the Spartan Raceway: February 18; March 18; April 15; May 13; June 10; June 24; July 8; July 22; August 5; August 19; September 2; September 30; October 14; November 11; December 9; December 30.

Little League Sign-Ups Are This Saturday

The Marina Little League will hold sign-ups for 1973 season. All boys 8 to 15 years are invited to register. Saturday, February 17, from 10 a.m. to 3 p.m. at Ione Olson School on Beach Road, and Marina Vista School on Carmel, in the multipurpose rooms.

Each boy must have proof of birthdate, a parent to sign a form, and a donation from each family of $8 is requested, to help cover the cost of the league expenses. A proposed budget, will be available to see.

Grange Meeting

Marina Grange #518 will meet Feb. 14 at 8 p.m.

Slides will be shown by the Marina Vista School on a week's "Camp Out" at Santa Cruz Redwood Christian Park at Boulder Creek.

Refreshments will be served by Marie Barbier and Mary Northcutt.

Coast Guard Conference At Holiday Inn

More than 300 persons are expected to attend the U.S. Coast Guard Auxiliary's annual Western Inter-District Conference at the Holiday Inn in Monterey, February 16-18. They will come from the eight western states, including Alaska and Hawaii.

The announcement was made by Gus Marinello, commodore of the 12th Coast Guard District Axiliary. Along with Anderson A. Cordill, immediate past district commodore and current national vice commodore, and other 12th District Auxiliary officers, he will host the conference, which will begin the evening of the 16th.

Among regular Coast Guardsmen attending the three-day affair will be Admiral Chester R. Bender, commandant of the Coast Guard; Vice Admiral Mark A. Whalen, commander of the 12th Coast Guard District (Northern California and most of Utah and Nevada) and the Coast Guard's Pacific Area; Rear Admiral James W. Williams, commander, 11th Coast Guard District (Southern California, Arizona and parts of Utah and Nevada); Rear Admiral Austin C. Wagner, cheif of the Office of Boating Safety, Washington, D.C.; and Captain Harold W. Parker, Jr., chief, Director of Auxiliary, Washington, D.C.

In addition to boating safety demonstrations by both Auxiliary and regular Coast Guard units, there will be a search and rescue demonstration in the bay in front of the Holiday Inn, Saturday morning. This will include a helicopter pickup of a man in the water. Panel discussions on public education and courtesy motorboat examinations and a VHF radio demonstration will round out the practical aspects of the conference.

The new 378-foot high endurance Coast Guard Cutter Midgett will be in Monterey and may conduct an open house.

The Coast Guard Auxiliary is a civilian, voluntary organization of pleasure boat owners dedicated to the promotion of safe boating. Auxiliarists assist the regular Coast Guard in public education by providing free classes in basic boating and seamanship. They also conduct free motorboat examinations for any pleasure boat owner and carry out regular safety patrols.

The Auxiliary is currently on the lookout for new members, according to Marinello. "The ever-growing number of new boatmen on our waterways makes is imperative that the Auxiliary increase its membership and expand its activities to aid the Coast Guard in promoting safe boating through knowledgeable seamanship among the boating public."

ONE YEAR OLD - Swingers Golf Club celebrated its first birthday with tournament of mixed foursomes at Navy Golf Course recently. First place winners were Mary and Johnnie Thomas (above). Second place went to Timothy Ingram and Verna Sloan, while third was won by John and Sarah Perkins. Booby prize went to Louis and Jean De La Paz. Any lady interested in joining club may do so by contacting Sarah Perkins.

GOOD READING

Through these pages pass the messages of some of the most Beautiful People we know --our advertisers!

Films Will Be Shown

Two films, "Childbirth for the Joy of It," and "Story of a Birth" will be shown free of charge at the Monterey Public Library on Friday, February 16, at 8:00 p.m.

Both films show couples preparing themselves, intellectually, emotionally and physically for the birth of their children. The actual deliveries are shown.

The film showing is presented by the Childbirth Education League. Following the films, there will be a discussion session guided by instructors and members of the League.

The Childbirth Education League sponsors prenatal classes stressing "prepared childbirth." Their belief is that the pain and discomfort attributed to childbirth are generally the result of fear and tension which in turn are the results of ignorance and misinformation. The CEL classes offer information, exercises and encouragement which prepare the couple for a dignified and unique experience. A fee is charged for the eight week course and advanced registration is necessary during the 4th or 5th month of pregnancy. Questions about the films or prenatal classes can be directed to Mrs. Jennifer Ross at 372-5737.

CEL also conducts nursing mother's meetings twice a month and all interested mothers are invited to attend. There is an experience nursing counselor at the meetings to help with any problems related to breast feeding. Discussion is centered around breast feeding their new babies. The first meeting is Feb. 15 for babies up to 4 months and the second is Feb. 22 for babies 4 months and older. For information and location of meetings, please call the Childbirth Education League at 375-5737.

OBITUARIES

DOROTHY HEEBNER

Dorothy Heebner of Seaside, Friday, February 2, 1973, after a period of failing health. She made her home at 2065 Hacienda Street, Seaside and has been a peninsula resident for the past five years. Mrs. Heebner was born Agugust 27, 1897 and left no immediate survivors. At her own request, private cremation service was held, and a period of visitation was held on Saturday, February 10, at SEASIDE MORTUARY, 1610 Noche Buena St. Seaside, for friends to pay their last respects, followed by private burial at sea. For further information, please call 394-1406, Michael R. Sonnenberg, Funeral Director. Arrangements by SEASIDE MORTUARY.

What does the Chichenoff family of Ouzinkie, Alaska,
have in common with
the Kramer family of Grant Park, Illinois?

A Share In Nearly A Billion Dollars.

Zack Chichenoff, his wife and six children all live in Ouzinkie, Spruce Island, Alaska. Because the Chichenoff family is Native Alaskan Aleut, each member is entitled to a share in the land claims settlement recently enacted by the Federal Government.

In Grant Park, Illinois, Larry Kramer and his three children are also eligible. Larry is half-Aleut, born on Atka Island, Alaska. But in 1942, as the Japanese poised to invade Alaska, little Larry was evacuated. He never went home again. Instead, he married Romany Hall and settled down in her home town of Grant Park, Illinois. Larry of course, is eligible for a share in the claims settlement. So are Larry and Romany's three children who are one-quarter Alaskan Native.

There are an estimated 15,000-20,000 Alaskan Natives outside the state who may be eligible for a share of nearly one billion dollars. And cutoff for registration is March 30, 1973. If you—or anyone you know—are at least one-quarter Alaskan Indian, Eskimo or Aleut, contact the Alaska Native Enrollment Office for information as to how you may register.

Chicken Pepperoni

THIS is a wonderful change-of-pace company dinner.

1 frying chicken;
olive oil;
2 or 3 onions, sliced;
3 cloves of garlic;
salt and pepper;
pinch marjoram;
pinch thyme;
4 or 5 large red or green pimentos;
1/2 pound tomatoes;
pinch basil;
few slices of orange, peeled and cut into rounds.

Cut the chicken into six pieces. Brown them in a skillet in olive oil along with the onions, garlic, salt, pepper, marjoram and thyme or cover the pan and cook slowly for about one hour, taking care that the chicken does not burn. In the meantime, put the pimentos into the oven until they are soft and the outer skin can be peeled off. Remove the seeds and cut them in strips. (Canned pimentos can be used if fresh are not available.) Add the pimentos and the roughly chopped tomatoes to the pan and season with a pinch of basil. When the tomatoes are cooked the dish is ready to serve. Add the orange rounds at the last minute. Serves four to six.

Regulations Take Effect

Regulations recently adopted by the Department of Consumer Affairs are now effective.

Director John T. Kehoe recommends that both consumers and repair dealers acquaint themselves with these regulations as they serve to implement the California Automotive Repair Act.

Robert Alexander, Chief of the Bureau of Automotive Repair, welcomed the regulations, "since they serve to clarify the more important aspects of our operation."

Alexander mentioned some of the significant regulations which include:

DEFINITION OF CUSTOMER - The owner, or, a person in lawful possession of the vehicle, or, (with permission) a representative of the owner's insurance company.

WRITTEN ESTIMATES - Repair work shall not begin unless specifically authorized and then only if an estimate, in writing, is first presented to the customer. Labor and parts must be listed on the estimate.

EXCEEDING ORIGINAL ESTIMATE - Any charges for work exceeding the estimate must be separately authorized. Customers are not required to pay for unauthorized work exceeding the estimate.

UNUSUAL CIRCUMSTANCES REGARDING ESTIMATES - When a customer is unable to deliver his vehicle to the repair dealer during business hours but has requested the dealer to repair the car, the following conditions must be met:

1) The dealer (or customer) must prepare a written estimate.

2) The customer must be advised of the information on the written estimate.

3) The customer must authorized the work and agree to the estimated price.

REPLACED PARTS - As a rule, replaced parts must be returned to the customer, if requested when the work order is given. However, at times new parts are sold on an exchange basis and in these instances the customer must be given a reasonalbe opportunity to examine the replaced parts, if requested before the repair work is begun. The same condition applies to parts replaced, under warranty, that must be returned to the manufacturer.

MAINTENANCE OF RECORDS BY REPAIR DEALERS - Repair dealers are required to maintain all records (estimates, or work performed, invoices, work orders, etc.) for at least two years.

FALSE AND MISLEADING ADVERTISING - Auto repair advertising, (including oral or written statements) shall be deemed flase or misleading if it tends to deceive the public. All written documents must be prepared so as not to deceive or mislead the public.

NEW AND USED PARTS - Auto repair dealers may not advertise, represent or imply that a part is new if any components of that part are used, reconditioned, or rebuilt. Invoices must clearly state whether parts or components supplied were new, used, reconditioned or rebuilt.

Kehoe commented on a few additional items not mentioned in the regulations offering consumer tips.

SALES TAX - Before paying for repairs, a customer should check and make sure sales tax has been charged ONLY for parts. Sales tax CAN NOT be added for labor.

ENGINE DIAGNOSIS - Labor estimates and charges for engine "tear-down" must include the time necessary to replace all parts removed for diagnosis. The estimate must also include the cost of reassembly in the event the customer does not elect to have the repairs performed.

Poyner Meets MCTA

Monterey County's newest supervisor, Roger W. Poyner of the 4th District, was the guest of honor at a Corral De Tierra Country Club luncheon meeting January 26.

Hosted by directors, members and friends of the Monterey County Taxpayers' Association, it was part of their continuing program of getting elected officials and property owners acquainted.

Supervisor Poyner gave a biographical sketch, touched on his philosophy and defined various governmental areas with which he will concern himself.

The balance of the informal get-together was highlighted by a friendly and contructive give-and-take question and answer session.

Among those present were Howard J. Darington, III, Col. C. Austin DeCamp, William H. Dye, Mrs. and Mrs. O. Nicholas Ford, Lynn M. Rianda, Mr. and Mrs. Raymond E. Rianda, Sr., Mr. and Mrs. Bertram F. Rudolph, Jr., Col. Billy B. Slater, Barnet J. Segal, Mr. and Mrs. Drury R. Tankersley, Kenneth E. Thayer and Edward Weiner.

Rummage Sale

The date of March was set by Carmel High School Parents for the fifth annual Bargain Fair, to be held at the High School Gymnasium.

Co-Chairmen will be Mmes. Laszlo (Laurette) Toldi, George (Patty) R. Walker and Ernest (Pat) F. Zanetta. Mrs. Howard (Adele) McFann and Mrs. Phil (Janet) Gaasch will handle the publicity and Mrs. Robert (Ione) Strum will serve as Secretary.

If you have clean and saleable rummage to donate, call the following numbers for information, and pickup if needed: 659-2468, 624-8801, 624-8624.

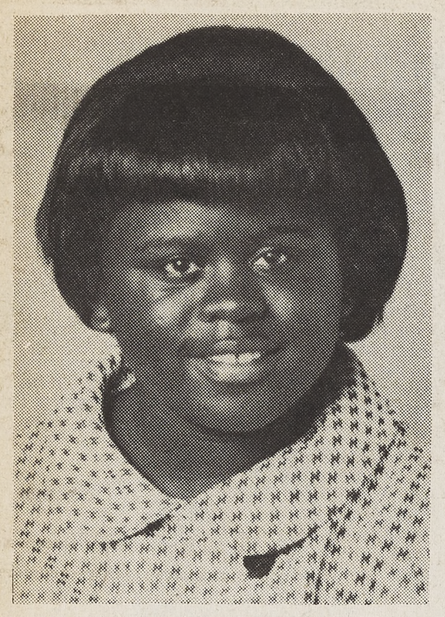
New Adult Art Classes Are Offered

Two new classes have been added to the list of Monterey Adult School offerings, principal Gerald O. Anderson has announced.

A daytime typing class for beginning and review students will be held daily from 1 to 3 p.m. at the Del Monte Manor, 1466 Yosemit Street, Seaside.

A course in drawing and painting will be held Wednesdays from 7 to 10 p.m. in Room B-9 at King Junior High School, Seaside. Charles Lee, chairman of the Seaside Art Commission, will be the instructor.

Both classes require a $3 tuition fee and the drawing and painting class will require a lab fee.



PLEASE HELP - $50 reward has been offered for information leading to location of Linda Christine Fairley, who is 13 years old. Linda was last seen February 3 with two other girls aged 13 and 14. Anyone with information about her should notify Seaside Police Department or Seaside POST News Sentinel or call 394-2469 or 394-7544.

How to lower your winter PG&E bill despite your horoscope.

This horoscope indicates why your winter PG&E bill is higher. But here's how you can lower it, no matter what your sign: Insulate walls and ceilings. Weatherstrip windows and doors (and keep them shut). Pull drapes at night, but let the winter sun in during the day. Close fireplace damper when not in use. Turn off lights not needed. Lower furnace setting at night and when you're out.

The California State Law prohibits anyone from placing untrue or misleading advertising. Fraudulant advertising in this newspaper may be punished according to the law. The assure advertising accuracy. The cooperation of everyone using Seaside POST advertising in avoiding any untrue or misleading statements is essential to the Seaside POST's policy of truth in advertising.

NOTICE OF TRUSTEE'S SALE
Loan No. 112998-4

On Thursday, the 15th day of February, 1973, at ten o'clock a.m., in the lobby of the office of Coast Counties Land Title Company, 439 Tyler Street, in the City of Monterey, County of Monterey, State of California, THE FIRST MONTEREY COMPANY, a California corporation, as Trustee, will sell at public auction to the highest bidder for cash, in lawful money of the United States, the following described real property situate in the County of Monterey, State of California, and bounded and described as follows, to-wit:

Lots Numbered 870 and 872 in Block Numbered 13, as said Lots and Block are shown on that certain map entitled, "Map No. 3 of Del Monte Heights," etc., filed for record January 6, 1909, in the office of the County of Monterey, State of California, in Volume 2 of Maps, "Cities and Towns," at page 12.

Said sale will be made without covenant or warranty regarding title, possession or encumbrances, to satisfy the obligations secured by, and pursuant to the power of sale conferred in a certain Deed of Trust, executed by ROBERT DAVIS, JR. and VERTNA DAVIS, his wife as Trustors, to THE FIRST MONTEREY COMPANY, a California corporation, as Trustee, for the benefit and security of MONTEREY SAVINGS AND LOAN ASSOCIATION, a California corporation, dated July 26, 1967, and recorded August 11, 1967, in Reel 517, at Page 735, Series 53742.

Notice of Default of said obligation and election to sell said real property was recorded in the office of the County Recorder of said Monterey County on the 17th day of October, 1972, in Reel 804, at Page 319, of Official Records of Monterey County, California, Series 37671. Nothing has been paid on account of the principal or interest on said loan subsequent to the filing of said Notice of Default.

This notice is given in compliance with the written application heretofore made on the Trustee by the said Beneficiary.

The owner and holder of the promissory note and the indebtedness secured by said Deed of Trust, or any other person may purchase at said sale.

FILED: January 23, 1973

IN THE SUPERIOR COURT OF THE STATE OF CALIFORNIA IN AND FOR THE COUNTY OF MONTEREY

In the Matter of the Application

Petitioner.

NO. M 5831
ORDER TO SHOW CAUSE

Whereas ELLYN BURNHAM, Petitioner, has filed a petition with the Clerk of this Court for an ordering changing her name from ELLYN BURNHAM TO ELLYN FINKLANG;

IT IS ORDERED that all persons interested in the above-entitled matter appear before this Court at 9:30 A.M. on March 2, 1973, at the above-entitled court located at 1200 Aguajito Road, Monterey, California, and show cause, if any, why the petition for change of name should not be granted.

IT IS FURTHER ORDERED that a copy of this Order to Show Cause be published in the Seaside POST and News-Sentinel, a newspaper of general circulation published in Seaside, California, once a week for four (4) successive weeks prior to the date set for hearing on the petition.

Dated: January 23, 1973.

NOTICE OF TRUSTEE'S SALE

Loan No. 1 9160761
T.S. No. 72-4540

DSL SERVICE COMPANY

as duly appointed Trustee under the following described deed of trust WILL SELL AT PUBLIC AUCTION TO THE HIGHEST BIDDER FOR CASH (payable at time of sale in lawful money of the United States) all right, title interest conveyed to and now held by it under said Deed of Trust in the property hereinafter described:

TRUSTOR: DAVID B. NORRIS and MARY NORRIS, his wife.
BENEFICIARY: COLONIAL ASSOCIATES, INC., a California corporation.
Recorded March 22, 1972 as instr. No. G10035 in book 761, page 259 of Official Records in the office of the Recorder of Monterey County; said deed of trust describes the following property:

Lot 14 in block 7, of Ord Terrace, in the City of Seaside, county of Monterey, State of California, according to map filed July 17, 1941, in Book 4, page 58, of Maps of cities and towns, in the office of the county recorder of said county.

1305 La Salle Avenue, Seaside, California.

The beneficiary under said Deed of Trust, by reason of a breach or default in the obligation secured thereby, heretofore executed and delivered to the undersigned a written Declaration of Default and Demand for Sale, and written notice of breach and of election to cause the undersigned to sell said property to satisfy said obligations, and thereafter the undersigned caused said notice of breach and of election to be Recorded October 27, 1972 as instr. No. G39038 in Reel 806, page 339, of said Official Records.

Said sale will be made, but without covenant or warranty, express or implied, regarding title, possession, or encumbrances, to pay the remaining principal sum of the note(s) secured by said Deed of Trust, with interest as in said note provided, advances, if any, under the terms of said Deed of Trust, fees, charges and expenses of the Trustee and of the trusts created by said Deed of Trust.

Said sale will be held on Wednesday, March 14, 1973 at 3:00 P.M. at the Church Street entrance of the Monterey County Courthouse in the city of Salinas, California.

NOTICE OF TRUSTEE'S SALE

On Monday, the 12 day of March, 1973, at 10 o'clock A.M., in the lobby of the office of the COAST COUNTIES LAND TITLE COMPANY, 439 Tyler St., in the City of Monterey, County of Monterey, State of California, COAST COUNTIES INVESTMENT COMPANY, as Trustee, will sell at Public Auction to the highest bidder for cash, in lawful money of the United States, the following described real property situate in the County of Monterey, State of California, and bounded and described as follows, to-wit:

Being a portion of said Lot 10 in Block 2, as said Lot and Block are shown on that certain map entitled, "Map showing Villa Subdivision of Lot 4 of the Rancho Noche Buena, the property of the Del Rey Land Co. Monterey, Monterey County, California, as surveyed by W. C. Little, C. E., June 1905", filed for record July 20, 1905, in the office of the County Recorder of the County of Monterey, State of California, in Volume 1 of Maps, "Cities and Towns", at page 66-1/2.

BEGINNING at a point in the South line of Lot 10, being the north line of Kimball Avenue, as shown on the map hereinabove referred to, distant 360.60 feet west from the Southeast corner of said Lot 10 and running thence

(1) Northerly and parallel with the Easterly line of Lot 10, 85.19 feet to a point on the South line of that certain tract of land conveyed by M. T. Souza to Rose Tarantino, recorded in Volume 1081 of Official Records of Monterey County, at page 129; thence

(2) Westerly and along the South line of said Tarantino tract 75 feet to the Southwest corner of said tract; thence

(3) Southerly and parallel to the Easterly line of Lot 10, 85.19 feet to a point in the South line of Lot 10 and the North line of Kimball Avenue; thence

(4) Easterly along the line of said lot avenue, 75 feet to the point of beginning.

Said sale will be made without covenant or warranty regarding title, possession or encumbrances, to satisfy the obligations secured by, and pursuant to the power of sale conferred in a certain Deed of Trust, executed by ODES B. WARD AND SUE K. WARD, husband and wife, as Trustor, to COAST COUNTIES INVESTMENT COMPANY, a California corporation, as Trustee, for the benefit and security of JAMES C. BURNS AND JUANITA G. BURNS, husband and wife, as joint tenants, dated November 16, 1970, and recorded December 8, 1970, in Reel 678, at Page 116, Official Records of Monterey County, California.

Notice of default of said obligation and election to sell said real property was recorded in the office of the County Recorder of said Monterey County on the 31 day of October, 1972, in Reel 806, at Page 1150, Official Records of Monterey County, California. Nothing has been paid on account of the principal or interest on said loan subsequent to the filing of said Notice of Default.

This notice is given in compliance with the written application heretofore made on the Trustee by the said Beneficiary.

The owner and holder of the promissory note and the indebtedness secured by said Deed of Trust, or any other person may purchase at said sale.

NOTICE OF TRUSTEE'S SALE

On Wednesday, the 7th day of March, 1973, at the hour of 11:00 o'clock a.m., at the Alisal Street main entrance of the Monterey County Courthouse, City of Salinas, County of Monterey, State of California PALO ALTO FINANCIAL CORPORATION, as Trustee, will sell at public auction to the highest bidder for cash, in lawful money of the United States, the following described real property situate in the City of Seaside, County of Monterey, State of California, described as follows:

Lots 31 and 32, in Block 8, as shown on "Map No. 6 Del Monte Heights, being a Re-Subdivision of a portion of Lots 2 and 3 of the Rancho Noche Buena, Monterey County, California, Platted by H. D. Severance, January 1912", filed for record February 6, 1912 in the office of the County Recorder of the County of Monterey, State of California, in Volume 2 of Maps, "Cities and Towns", at page 33.

Said sale will be made to satisfy the obligation secured by and pursuant to the power of sale conferred in a certain Deed of Trust executed by ALBERT N. LOCKWOOD and LEILA DORIS LOCKWOOD, his wife, as Trustors, to Coast Counties Investment Company, and on which the Palo Alto Financial Corporation has been substituted as Trustee, for the benefit and security of Carmel Savings and Loan Association, and as which PALO ALTO-SALINAS SAVINGS AND LOAN ASSOCIATION, now named NORTHERN CALIFORNIA SAVINGS AND LOAN ASSOCIATION, dated October 16, 1969, and recorded October 17, 1969, in Book 625 of Official Records at page 729, Instrument No. G 25753, Monterey County.

Said sale will be made without covenant or warranty regarding title, possession or encumbrances.

Notice of Default of said obligation and election to sell real property was recorded in the Office of the County Recorder of said Monterey County on November 3, 1973 in Book 807 of Official Records at page 935, Instrument No. G 40039.

This notice is given in compliance with the written application heretofore made on the Trustee by said Beneficiary.

National Conference To Be Held In S.F.

San Francisco's Crace Cathedral, seat of the Episcopal Bishop of the Diocese of California, will host, for the first time in history, one of the major church events of the year, the National Conference of the Trinity Institute, on March 18, 19 and 20, 1973.

In making the announcement, the Rt. Rev. C. Kilmer Myers, Bishop of the Diocese, revealed that the principal speaker at the Institute will be one of the Roman Catholic Church's most distinguished prelates, Leon-Joseph Cardinal Suenens, Archbishop of Malines-Brussels and Primate of Belgium.

Sharing the role of principal participant with Cardinal Suenens, will be the Church of England's outstanding theologian, the Rev. Canon David E. Jenkins, former chaplain of Queens College, Oxford and now Director of Humanum Stidies, the World Council of Churches, Geneva, Switzerland.

Directing the conference, expected to draw Episcopal clergy from theoughout the western United States, will be the Rev. Robert E. Terwilliger, Director of the Trinity Institute, sponsored by New York's famed Trinity Parish, is regarded as one of the nation's major annual theological gatherings.

The subject of this year's conference, which will be repeated later in the month at Riverside Church in New York, is simply "Jesus."

The Conference will be opened with a great ecumenical service on Sunday evening, March 18th, with Cardinal Suenens preaching the sermon. It is expected that religious leaders of all faiths will attend and the service will be open to the public.

Lectures and other program activities of the conference will be held in Grace Cathedral, with Bishop Myers preaching at the Holy Eucharist on Monday and Dr. Terwilliger concluding the schedule Tuesday with Holy Communion. Cardinal Suenens will deliver lectures both mornings.

In its announcement of the first Trinity Institute to be held outside of New York, Trinity Parish pointed out that "many clergy have, in previous years, expressed their regret at being unable to attend. It will now be possible for them to be present because of the imaginative invitation of Bishop Myers and the Dean and Trustees of Grace Cathedral."

"The National Conference of Trinity Institute will be a truly effective step in our striving toward ecumenism and renewal of the Church," said Bishop Myers. "Cardinal Suenens is known throughout the world as the prime spokesman for renewal, and Canon Jenkins is one of the Church's ablest and most effective interpreters of biogenetics, planning and other determiners of the human future. His Bampton Lectures on Christology are regarded as the most brilliant in recent memory."

Remember To Deduct 1972 State Taxes

Californias who plan to itemize deductions on their 1972 Federal income tax returns should remember to deduct all state income taxes paid last year, including state withholding, estimated tax, and payments made in 1972 for prior years.

Charles E. Kingman, Internal Revenue Service District Director for Northern California said that any state tax refund received by a taxpayer who itemizes deductions, including state tax, must be reported as income for 1973 to the extent that it reduced Federal income tax for 1972. Returns reflecting state tax refunds as income will be due in 1974, he said.

Taxpayers who take the standard deduction, rather than itemizing on 1972 returns will not be required to report state tax refunds as income for 1973, Kingman added.

IRS Plans Extra Hours

Taxpayers who work or can't get to IRS offices during regular business hours can obtain help from the IRS on the weekend or during Monday evening hours from now until April 16, Charles E. Kingman, District Director of Internal Revenue for Northern California, said today.

IRS employees will be on duty until 8 p.m. on Monday evenings and from 9 a.m. to 1 p.m. on Saturdays at the office in Salinas to help taxpayers fill out income tax returns. The phone number for income tax assitance in the Salinas area is 424-2886. The office is located at Federal Building 100 West Alisal Street.

Taxpayers who have questions or problems with filling our their returns should telephone or visit their IRS office for help. Mr. Kingman said that many taxpayers who need an answer to a question may find it more convenient to call the IRS on the phone during the extended hours on Monday or Saturday instead of making a trip to the office. He stated that over 70 percent of the tax inquiries can be answered by telephone.

Trained taxpayer assistors will answer questions and help taxpayers fill out their returns, the Director said.

Coniglio Is Candidate

Monterey City Councilman Peter J. Coniglio has announced his candidacy for the Office of Mayor of California's first State Capitol. Coniglio, who was born and raised in Monterey, is a practicing attorney, and has served on the City Council since 1969. Previously, he had been Chairman of the City Planning Commission and a Member of the Recreation Commission, and has a total of some 12 years of service to City Government.

In making his candidacy known, Coniglio declared his concern for the many problems and objectives of the community, including the successful culmination of the Urban Renewal project and a concentrated program for the preservation and protection of Monterey's physical and cultural heritage. He stated that "progress requires a constant maintenance of the delicate balance between reasonable and proper growth and a vigorous, meaningful defense of those environmental attributes which are the source of our pride in our community."

The committee who is sponsoring Coniglio's candidacy is headed by Co-Chairman Lou Fenton and former Mayor George Clemens. The election for this office will be held on Tuesday, May 8, 1973.

Kiwanis Club Is Collecting Eye Glasses

The Kiwanis Clubs are now collecting used eye glasses for FREE distribution to the visually handicapped in under-developed countries.

The collected glasses are shipped to the Direct Relief Foundation, a non-profit organization with headquarters in Santa Barbara. Here volunteers grade the glasses as to magnification and pack them for overseas shipment.

Over 1500 hospitals and clinic around the world are receiving free medical supplies from the Foundation. These overseas hospitals do a remarkable job of fitting the glasses. Also last summer some specially trained youths were sent to Guatemala and Nicaragua to fit the glasses to the individuals. This year special effort will be made in Ethopia, Peru and probably some central American countries.

The project will be aided by newspaper publicity, plus radio and television announcements. The goal is 5000 pairs of glasses from now until April 1, 1973.

Deposit boxes to be placed in all banks are finacial institutions, libraries and special collections to be handled by members.

Homemaker Of Tomorrow Is Named

Seaside High School senior Cynthia Hale, of Fort Ord, has been named that school's 1973 Betty Crocker Homemaker of Tomorrow.

She was selected on the basis of her score in a written knowledge and attitude examination given in December.

Miss Hale will receive an award from General Mills, the sponsor, and will be eligible for state national honors. A State Homemaker of Tomorrow will be chosen from among all school winners in the state, and will receive a $1,500 college scholarship. A national winner and three runners up will be selected from among the state winners in April. Scholarships ranging from $5,000 to $2,000 will be awarded at the national level.

Award Is Made

Mr. Burl U. Woodman was presented the Decoration for Meritorious Civilian Service recently by Major General H. G. Moore, Ft. Ord's commander.

The ceremony took place at the Directorate of Industrial Operations where Mr. Woodman works as maintenance management assistant for the Logistics Readiness Office of the Plans and Operations Division.

"I am representing many past commanders of this station when I say that this is a magnificent accomplishment you have achieved," remarked the commanding general.

The second highest civilian award was in recognition of Mr. Woodman's "adherence to self-imposed and exceptionally high performance standards . . . his thoroughness, resourcefulness and management ability."

Places Sixth

Seaside High School's varsity chess team placed sixth in the third annual Western High School Chess Championship meet held recently in Los Angeles.

Chess Club advisor Lawrence Welch said 20 high schools from throughout California participated. It was the first time a Seaside High team had entered the event, held February 3 and 4.

The six-man contingent was led by club vice president and team captain Gary Clark, a junior.
